

Reputation Management

More and more lawyer searches are being done on review sites such as Google, Yelp and Avvo. Having a 5-star rating can mean the difference in search results and client calls. OVC has a system for managing your online reputation.

Review Buttons

Visual buttons that when clicked, feed positive reviews to review sites and negative reviews to a private capture page for your follow up.

Online Review Feed

Positive reviews left online automatically feed to your website and testimonial page in an organized and easy to read format.

Social Media Feed

Positive reviews of 4 and 5 stars are posted weekly to your Facebook page and other social media along with eye pleasing graphics.

Quarterly Reputation Reports

Monitor your average star rating, top positive reviews and most popular review sites and plan your strategy accordingly.

Boost Positive Ratings

By managing negative reviews and gathering more positive reviews, your overall rating online should improve.
